Lumberton, North Carolina 28358**

Phone: (910) 671-3022 FAX: (910) 671-3010

March 21, 2022

To the Honorable Wixie Stephens, Board Chair
Members of the Board of Commission,
and Citizens of the County of Robeson

The Annual Comprehensive Financial Report of the County of Robeson, North Carolina for fiscal year 2021 is presented herewith for your review. This report is presented by the management of the County of Robeson, which is responsible for the completeness and reliability of the information included in this report.

Chapter 15 of the North Carolina General Statutes, the Budget and Fiscal Control Act, requires that units of local government have their accounts audited as soon as possible after the close of each fiscal year by a certified public accountant. The required report shall have a complete set of financial statements prepared in accordance with generally accepted accounting principles, all disclosures in the public interest required by law, and the auditor's opinion and comments relating to the financial statements. The audited financial report is submitted to the Local Government Commission (LGC), which is established by statute to oversee local government financial affairs. The LGC approves all audit contracts and subsequent payments of audit fees for audits of local government units. The LGC is authorized to issue rules and regulations concerning such audits.

The County's financial position and results of operations reported in the government-side and fund financial statements and notes to the financial statements have been audited by the independent, certified public accounting firm of W Greene PLLC. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County, for fiscal year 2021 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded based on the audit, that there was reasonable basis for rendering an unmodified opinion that the county's basic financial statements for the year ended June 30, 2021 were presented in

conformity with generally accepted accounting principles (GAAP). The independent auditors' report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Description of the County

Robeson County was formed in 1787 from a portion of Bladen County and was named after Colonel Thomas Robeson of Tar Heel, North Carolina.

Lumberton was incorporated in 1787 and serves as the county seat. There are 14 incorporated municipalities in Robeson County.

Robeson County has long been known as a tri-racial community with Caucasians, African-Americans, and Lumbee Indians. Anglos who settled Robeson County in the 1730's found local American Indians speaking English. They were descendants of the Tuscarora, Cherokee, Cheraw and other tribes. Today, we are the home to the Lumbee and Tuscarora Tribes. According to the 2000 census, Robeson County has the ninth largest population of American Indians in the United States.

Robeson County is strategically located at the intersection of I-95 and I-74, providing businesses and residents with a crucial connection to be able to get people and products where they need to go efficiently. The county is located an hour and a half from the Atlantic Ocean and three and a half hours from the Appalachian Mountains. Fayetteville and Ft. Bragg are 35 minutes north of Lumberton. As described below, over half of the population of the United States lives within 9 hours drive of Robeson County. Some important destinations and their distance away include:

Raleigh, NC - 1.5 hours
Charlotte, NC – 2 hours
Washington, D.C. - 5 hours
Memphis, TN – 9 hours
Miami, FL - 9 hours
New York, NY - 9 hours

Robeson County is home to a number of important industries, including Manufacturing, Agriculture, Education, Healthcare, Construction, and Food Service, just to name a few. Many companies call Robeson County home or have a significant presence in the county. Some of them are Campbell Soup, Mountaire Farms, Elkay Manufacturing, Quickie Manufacturing, Steven Roberts Original Desserts, Trinity Frozen Foods, Kayser-Roth, Truist, and Cynthia Quarles Manufacturing. Robeson County is also proud of the Comtech Park Complex near Pembroke, that hosts many businesses and over 1,000 jobs.

There are 26 county parks and numerous city parks scattered around the county. These parks have baseball and softball fields, soccer and football fields, tennis courts, greenways, picnic shelters and a swimming pool. Lumber River State Park runs through a large portion of the county. There are seven public libraries in the county providing a number of services. Nearly every town has a festival, Christmas parade and many other activities.

Robeson County is proud of the Morehead Scholars and Park Scholars who have come from our public schools. We are also very proud to be the home of Robeson Community College and the University of North Carolina at Pembroke, two of the best bargains in the nation for quality higher education. UNCP has partnered with NC State University to offer dual-degree programs in the areas of Engineering and Veterinarian Medicine. This program allows undergraduates at UNCP to continue their education at NC State, one of the top veterinary and engineering schools in the nation. UNCP is also ranked as one of the top 10 online schools in North Carolina. UNCP, through the NC Promise program, continues to offer tuition for only \$500 per semester for in-state students, and \$2,500 a semester for out-of-state students. This has helped many Robeson County citizens, as well as those from surrounding areas, afford a quality higher education which is adding to our strong and qualified workforce.

Medical facilities include Southeastern Health, The Department of Veteran Affairs Clinic and The East Carolina University Dental School Clinic. Southeastern Health Park also hosts an outpatient facility which includes the ambulatory surgical center, a comprehensive orthopedic center, a gastroenterology center, an anesthesia/pain management center, and outpatient rehabilitation. The Robeson County Health Department which was established in 1912, was the first rural health department in North Carolina.

Fire protection is provided by 28 fire departments that are located strategically throughout the county. At the time of this report, there were a total of 816 firemen who are committed to protecting the citizens and property of Robeson County.

PROFILE OF THE GOVERNMENT

The county operates under a Commission Manager form of government. The Commissioners are the policy-making and legislative body of county government and includes eight commission members. One commission member is elected from each of the county's

eight districts. Members serve four-year staggered terms. The chairman is elected to serve a one-year term. The Chairman is the presiding officer of the commissioners.

The County Manager is appointed by the commissioners as the Chief Executive Officer and is responsible for carrying out the policies and ordinances of the commissioners. The Manager appoints department directors to assist with the administration of the daily operations and programs of the county.

The County of Robeson provides a number of services for its citizens including: Law Enforcement, 911 Communications, Water, Fire Protection, Recreation, The Health Department, Social Services, EMS, and Community Development. The county operates several enterprise funds, including water and solid waste.

ECONOMIC CONDITION AND OUTLOOK

Robeson County and the surrounding region are facing many of the same challenges from the current recession as the rest of the state.

The Robeson County area includes intersection of I-95 and I-74. Those interstate corridors are a tremendous asset to the county to attract and retain businesses as the economy continues to recover.

Industrial recruitment is handled by the county's Economic Development Office. For the period July 1, 2020 to June 30, 2021, businesses have announced approximately \$360 million of investments in Robeson County. These investments are retaining or creating approximately 1800 jobs. Champion Homes pledged to spend \$13.2 million and create 340 jobs in Pembroke. Elkay Plumbing Products has announced that it is investing \$42.5 million and creating 48 jobs in Lumberton. Rempac Foam is investing \$4.2 million and creating 40 jobs in Lumberton. Briarwood Custom Meats is investing \$1.5 million and creating 55 new jobs in Fairmont. Harger Manufacturing is expanding in Fairmont, investing \$4.25 million and creating 20 jobs. Steven Roberts Original Desserts is expanding its Pembroke facility, investing \$4.5 million and creating 100 new jobs. Serioplast US is building a new facility in Red Springs, investing \$9.4 million and creating 46 new jobs, Piedmont Natural Gas is building a Liquefied Natural Gas facility near Maxton, investing \$278 million and creating 17 new jobs. In addition to these, there are a number of ongoing projects that include expansion of existing industry. Also this year, Robeson County and the City of Lumberton have partnered to develop a new Industrial Park near the Interstate 95-Interstate 74 corridor with the hopes of bringing new industry to the area.

Robeson County operates a water system with over 1,600 miles of lines and over 24,000 customers. The convenient and reliable water system is an integral part of attracting new businesses to Robeson County. New elevated tanks and well sites continue to be constructed as needed. The county is not in the sewer business but many of our municipalities provide this service, including: Lumberton, Pembroke, Maxton, Red Springs, Rowland, Fairmont, (regional) Parkton and St. Pauls.

A new Electronic Meter Reader system is currently being implemented throughout the County over a five-year period. The meters will be installed underground and meter readings will be automatically generated and reported to the Water Department. We anticipate that 25,000 meters will be installed over the five-year period.

The unemployment rate is 7.2% for 2021 which has decreased from the previous year.

The county provides a landfill off N.C. Highway 20 about four miles east of St. Pauls. Life in the landfill is currently about 60 years. Compaction stations and container sites are strategically located around the county to serve rural residents. There are two generators which are powered by methane gas from the landfill. The electricity generated is sold to local utility companies. In addition, the Dominion Natural Gas Pipeline that runs through the county provides manufacturing plants and vendors immediate access to natural gas resources.

High growth areas continue to be the I-95 corridor for commercial projects and the north end of the county (Parkton) for residential. Pembroke has also seen a huge increase in growth because of increased enrollment at UNCP.

Agriculture continues to be an important part of the county's economy and culture. Many crops, including corn, soybeans, tobacco, sorghum, peanuts, and cotton, (among others) are easy to find on any drive through Robeson County.

We continue to see significant growth in the County's E-911 Communications Department. Improvements assist our firefighters, paramedics, and law enforcement officers, in providing the highest level of service. Robeson County's Emergency Operations Center (EOC) opened its doors in 2011. This facility houses E-911 Communications, Emergency Services, and the EOC in one safe location. The E-911 Emergency Backup Center opened this year and is designed to be operational in the event of an emergency such as a hurricane. The E-911 Backup Center is also used as a training area for first responders to ensure quick and effective response in the event of an emergency. In addition, the County plans to begin conversion of the Sheriff's Department over to the NC Viper Radio System for daily operations. Once completed, departments of EMS, Fire, and Sheriff will be able to communicate effectively over the same network; allowing full-scale interoperability to occur.

The "One" Stop County Facility is located in the former Department of Social Services building. It houses the departments of, Community Development, Environmental Health, Juvenile and Guardian Ad-Litem. Having these departments in a centralized location is designed to make it easier for citizens of Robeson County to efficiently get the services they need and then carry on with their day.

The Department of Social Services has operated in a LEED (Leadership in Energy and Environmental Design) certified 105,000 square foot modern facility. It houses nearly 400 employees. Due to its LEED classification, the county is saving a lot of money on utility bills to operate the building as compared to an average building without the certification.

The Robeson County Administration Center (RCAC), located in Lumberton in a building previously known as BB&T bank has been open since 2020. The RCAC building houses the County Managers Office, The Finance Department, The County Attorney's Office, The Human Resources Office, Computer Operations, The Tax Department, Register of the Deeds, Veterans Services, as well as Congressman Dan Bishop's Regional Office. There are huge savings to the county of consolidating these departments into one building including rent and utilities. It is also more convenient for Robeson County citizens to make it easier to do what they need to do.

FINANCIAL INFORMATION

During the current fiscal year, the county's financial policy approved reducing expenses that were not detrimental to the operations of county government while maintaining a conservative approach to revenues. Robeson County continues to offer a health clinic and pharmacy for full-time employees with hopes of reducing health care costs and post-employment benefits. Robeson County continues to recognize expenses for governmental activities on a 'pay as you go' basis.

Internal Controls: Unreserved, undesignated fund balance available in the general fund (14.42% of total general fund expenditures) falls within the policy guidelines set by the Board for budgetary and planning purposes. The county will continue to evaluate expenditure levels and maximize revenue sources to increase this portion. Various policy changes have been implemented to reduce the amount of funding required for post employment benefits that will have a direct impact on the county's financials.

Robeson County Bond Rating has been reaffirmed as A+ after being upgraded in 2013.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Robeson County for its annual comprehensive financial report for the fiscal year ended June 30, 2019. This was the eighth year the government has received this prestigious award. In order to be awarded a Certificate of Achievement, the government had to publish an easily readable and efficiently organized annual comprehensive financial report that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated service of the entire staff of the Finance Department. We wish to express our appreciation to all employees who assisted and contributed to the preparation of this report. Credit also must be given to the manager and the governing body for their unfailing support for maintaining the highest standards of professionalism in the management of Robeson County's finances.

Respectfully submitted,

Independent Auditor's Report

To the Board of County Commissioners
Robeson County, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Robeson County, North Carolina, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Robeson County Housing Authority, which represents 100 percent of the assets, net position, and revenues of the blended component unit. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Robeson County Housing Authority is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Robeson County, North Carolina as of June 30, 2021, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund, the Fire District Fund and the ARP Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Local Government Employees' Retirement System Schedules of the County's Proportionate Share of Net Pension Liability and County Contributions, the Register of Deeds' Supplemental Pension Fund schedules of the County's Proportionate Share of the Net Pension Asset and County Contributions, the Law Enforcement Officers' Special Separation Allowance schedules of the Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll, and the Schedule of Changes in the Net OPEB Liability and Related Ratios, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of Robeson County, North Carolina. The introductory information, combining and individual fund statements, budgetary schedules, other schedules, and statistical section as well as the accompanying Schedule of Expenditures of Federal and State Awards, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the State Single Audit Implementation Act, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budgetary schedules, other schedules and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual fund financial statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory information and the statistical sections have not been subjected to the auditing procedures applied in the audit of basic financial statements, and accordingly, we do not express an opinion or provide assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 21, 2022 on our consideration of Robeson County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Robeson County's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of Robeson County, we offer readers of Robeson County's financial statements this narrative overview and analysis of the financial activities of Robeson County for the fiscal year ended June 30, 2021. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the County's financial statements, which follow this narrative.

Financial Highlights

- The assets and deferred outflows of resources of Robeson County exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$46,792,957 (net position).
- The government's total net position increased by \$10,645,131 due to increases in both governmental and business type activities net position.
- As of the close of the current fiscal year, Robeson County's governmental funds reported combined ending fund balances of \$59,898,021, an increase of \$7,972,696 in comparison with the prior year.
- At the end of the current fiscal year, fund balance available for the General Fund was \$45,976,674, or 33.97 percent of total general fund expenditures for the fiscal year.
- Robeson County's total debt increased by \$9,216,497 during the current fiscal year, which occurred mainly due to increases in pension and OPEB liabilities.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Robeson County's basic financial statements. The County's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of Robeson County.

Required Components of Annual Financial Report

Figure 1

Management's Discussion and Analysis (Continued)

Basic Financial Statements

The first two statements (pages 34 through 39) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the County's financial status.

The next statements (pages 40 through 61) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements; and 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the County's individual funds. Budgetary information required by the General Statutes also can be found in this part of the statements.

Following the notes is the required supplemental information. This section contains funding information about the County's pension and benefit plans.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the County's financial status as a whole.

The two government-wide statements report the County's net position and how it has changed. Net position is the difference between the County's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the County's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the County's basic services such as general government, public safety, human services, and education. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the County charges customers to provide. These include water, solid waste, and housing offered by Robeson County. The final category is the component unit. Although legally separate from the County, the Robeson County Public Library is important to the County because the County exercises control over the Board by appointing its members.

The government-wide financial statements are on pages 34 through 39 of this report.

Fund Financial Statements

The fund financial statements provide a more detailed look at the County's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Robeson County, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the County's budget ordinance. All of the funds of Robeson County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Management's Discussion and Analysis (Continued)

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the County's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called modified accrual accounting that provides a current financial resource focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the County's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

Robeson County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds- Robeson County has one kind of proprietary fund. Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Robeson County uses enterprise funds to account for its water, solid-waste and housing authority operations. These funds are the same as those separate activities shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

Fiduciary Funds-Fiduciary funds are used to account for resources held for the benefit of parties outside the government.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages 62 through 115 of this report.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning Robeson County's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 118 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The assets and deferred outflows of resources of Robeson County exceeded its liabilities and deferred inflows by \$46,792,957 as of June 30, 2021. The County's net position increased by \$10,645,131 for the fiscal year ended June 30, 2021. However, the largest portion (109.33%) reflects the County's investment in capital assets (e.g. land, buildings, machinery, and equipment), less any related debt still outstanding that was issued to acquire those items. Robeson County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Robeson County's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of Robeson County's net position \$13,349,575 (28.53%) represents resources that are subject to external restrictions on how they may be used. The remaining balance (-37.85%) or negative \$17,713,137 is unrestricted.

Management's Discussion and Analysis (Continued)

Robeson County's Net Position

Several particular aspects of the County's financial operations positively influenced total unrestricted governmental net position:

- Continued diligence in the collection of property taxes by maintaining a collection percentage of 95.91%, compared to 94.63% in prior year
- Increased charges for services revenue due to Self-Insured Employee Health Insurance
- Management's proactive stance on monitoring spending across County departments to ensure compliance with the budget

Governmental activities: Governmental activities increased the County's net position by \$4,215,077, thereby accounting for 39.60% of the total growth in the net position of Robeson County. Key elements of this increase are as follows:

- Increase in revenues are due to Ad Valorem Taxes while (maintaining the County's tax collection rate of 95.91%) and Local Sales Tax.

Management's Discussion and Analysis (Continued)

Business-type activities: Business-type activities increased the County's net position by \$6,430,054, thereby accounting for 60.40% of the total growth in the government's net position. Key elements of this increase are as follows:

- Increase of revenues due to the increase of fees. In addition to the increase cost of materials.
- Continued diligence in water and solid waste revenue collection and resolution of delinquent accounts

Financial Analysis of the County's Funds

As noted earlier, Robeson County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of Robeson County's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing Robeson County's financing requirements. Specifically, fund balance available for appropriation can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of Robeson County. At the end of the current fiscal year, Robeson County's fund balance available in the General Fund was \$45,976,674, while total fund balance reached \$56,408,466. The County currently has an available fund balance of 33.97% of general fund expenditures, while total fund balance represents 41.68% of that same amount.

At June 30, 2021, the governmental funds of Robeson County reported a combined fund balance of \$59,898,021, an increase of \$7,972,696 from last year. Included in this change in fund balance is an increase in fund balance in the General Fund, and a decrease in fund balance in the Special Revenue Funds. The majority of this increase in the General Fund can be attributed to an increase in governmental revenues.

General Fund Budgetary Highlights: During the fiscal year, the County revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

Revenues were more than the budgeted amounts primarily because of an increase in tax revenues that the County originally expected to receive. However, total expenditures were held below budget.

Proprietary Funds. Robeson County's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the business-type activities at the end of the fiscal year amounted to negative \$5,064,683. Other factors concerning the finances of these funds have already been addressed in the discussion of Robeson County's business-type activities.

Management's Discussion and Analysis (Continued)

Capital Asset and Debt Administration

Capital assets. Robeson County's investment in capital assets for its governmental and business-type activities as of June 30, 2021, totals \$92,027,270 (net of accumulated depreciation). These assets include buildings, land, and equipment.

Major capital asset transactions during the year include:

- Purchase of Rescue Vehicles
- Building Improvements
- Water Distribution System and Infrastructure Additions

Total Pension Liability (LEOSSA)	5,649,759	3,627,003	-	-	5,649,759	3,627,003
Net Pension Liability (LGERs)	20,969,352	15,746,691	1,612,199	985,122	22,581,551	16,731,813
Net OPEB Liability	68,642,683	58,425,288	5,008,265	4,262,790	73,650,948	62,688,078
Total	\$ 134,581,111	\$ 120,389,662	\$ 25,666,256	\$ 30,641,208	\$ 160,247,367	\$ 151,030,870

Robeson County's total debt increased by \$9,216,497 during the past fiscal year, primarily due to an increase in pension and OPEB related debt from the prior year.

North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for Robeson County is \$597,026,867. Robeson County does not have any authorized but un-issued debt at June 30, 2021.

Additional information regarding Robeson County's long-term debt can be found in Note II beginning on page 105 of this report.

Management's Discussion and Analysis (Continued)

Budget Highlights for the Fiscal Year Ending June 30, 2022

Governmental Activities: Property taxes, revenues from permits and fees, and additional sales tax are expected to lead the increase in budgeted revenue. The County will use these increases in revenues to finance programs currently in place.

Budgeted expenditures in the General Fund are expected to increase. The largest increments are in employee compensation, including funding compensation and benefits, and adjustments.

Business Activities: The water and solid waste rates in the County will increase primarily to cover increased costs of operations. General operating expenses will increase to cover increased personnel costs, and to cover increased costs of material, supplies and other operating expenses. Rates for landfill services will increase by an average to cover an equal increase in operating costs there, primarily in personnel costs.

Requests for Information

This report is designed to provide an overview of the County finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the following:

ROBESON COUNTY, NORTH CAROLINA

Statement of Revenues, Expenditures, and Changes in Fund Balances (Continued)
 Governmental Funds
 For the Year Ended June 30, 2021

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds		\$ 7,972,696
Governmental funds report capital outlays as expenditures. However, in the statement of activities the costs of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Capital outlay expenditures which were capitalized	\$ 3,857,373	
Depreciation expense	<u>(1,987,582)</u>	1,869,791
Contributions to pension plan in the current fiscal year are not included on the Statement of Activities	<u>4,603,057</u>	4,603,057
Benefit payments and pension administration costs for LEOSSA are deferred outflows of resources on the Statement of Net Position	<u>207,873</u>	207,873
Contributions and pension administration costs for OPEB are deferred outflows of resources on the Statement of Net Position	<u>-</u>	-
Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds.		
Change in deferred revenue for tax revenues	(1,756,201)	
Interest earned on ad valorem taxes	<u>(326,198)</u>	(2,082,399)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.		
Increase in accrued interest payable	(168,006)	
Debt issuance	(2,000,000)	
Debt retirement	<u>4,474,059</u>	2,306,053
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:		
	<u>(10,661,994)</u>	(10,661,994)
Total changes in net position of governmental activities		<u>\$ 4,215,077</u>

The notes to the financial statements are an integral part of this statement.

ROBESON COUNTY, NORTH CAROLINA

Notes to Financial Statements

June 30, 2021

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Robeson County and its component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The County, which is governed by an eight-member board of commissioners, is one of the 100 counties established in North Carolina under North Carolina General Statute 153A-10. As required by generally accepted accounting principles, these financial statements present the County and its component units, legally separate entities for which the County is financially accountable. Robeson County Housing Authority exists to provide low income housing. The Robeson County Public Library, which has a June 30 year-end, is presented as if it is a separate proprietary fund of the County (discrete presentation). The blended presentation method presents component units as a department or unit of the County and offers no separate presentation as with the discrete method.

Component Unit	Reporting Method	Criteria for Inclusion	Separate Financial Statements
Robeson County Housing Authority	Blended	Under State law [NCGS 162A-89], the County's board of commissioners also serve as the governing board for the Authority. A financial benefit/burden relationship exist.	Robeson County Housing Authority PO Box 1088 Lumberton, NC 28359
Robeson County Public Library	Discrete	Seven of the twelve members of the Board of Trustees of the Robeson County Public Library are appointed by the Robeson County Board of Commissioners. The County can remove any Trustee of the Library with or without cause.	Robeson County Public Library PO Box 988 Lumberton, NC 28359

B. Basis of Presentation, Basis of Accounting**1. Basis of Presentation, Measurement Focus – Basis of Accounting**

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government net position (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation, Basis of Accounting

1. Basis of Presentation, Measurement Focus – Basis of Accounting

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the County's funds, including its fiduciary funds and the blended component unit. Separate statements for each fund category – *governmental*, *proprietary*, and *fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies, result from non-exchange transactions. Other non-operating items such as investment earnings are ancillary activities.

The County reports the following major governmental funds:

General Fund – This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Fire District Fund – Fund that accounts for the fire district taxes in the County.

Capital Reserve Capital Project Fund – Fund that accounts for capital projects in the County.

ARP Fund – Fund that accounts for the American Rescue Plan funds.

The County reports the following major enterprise funds:

Water Fund – This fund is used to account for the operations of the county-wide water system.

Solid Waste Fund – This fund accounts for the operation, maintenance, and development of the landfill and the solid waste collection within the county.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation, Basis of Accounting (Continued)

1. Basis of Presentation, Measurement Focus – Basis of Accounting (Continued)

The County reports the following fund types:

Custodial Funds – Custodial funds are used to report fiduciary activities that are not required to be reported in pension (and other employee benefit) trust funds, investment trust funds, or private-purpose trust funds. Custodial funds are used to account for assets the County holds on-behalf of others that meet the criteria. The County maintains the following custodial funds: the DSS Trust Fund, which accounts for moneys deposited with the Department of Social Services for the benefit of certain individuals; the Extension Services Fund, which accounts for moneys deposited with the Cooperative Extension Department for the benefit of certain individuals; the Ad Valorem Taxes Fund, which accounts for the ad valorem taxes that are billed and collected by the County for various municipalities within the County but that are not revenues to the County; and the Sanitary Districts Fund, which accounts for taxes that are billed and collected by the County for special sanitary projects within the County.

Non-major Funds - The County maintains other legally budgeted funds. The E-911 Fund, the Fines and Forfeitures Fund and the Deed of Trust Fund are reported as a non-major special revenue funds. The Community Development Block Grant Fund is reported as a capital project fund.

2. Measurement Focus, Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

Government-wide, Proprietary, and Fiduciary Fund Financial Statements. The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus, except for the agency funds which have no measurement focus. The government-wide, proprietary, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation, Basis of Accounting (Continued)

2. Measurement Focus, Basis of Accounting (Continued)

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Since September 1, 2013, the State of North Carolina has been responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. These property taxes are due when vehicles are registered. Motor vehicle property tax revenues are applicable to the fiscal year in which they are received. Uncollected taxes that were billed by the County for periods prior to September 1, 2013 or those for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the beer and wine tax, collected and held by the State at year-end on behalf of the County, are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then general revenues.

C. Budgetary Data

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, the E-911, Fire District, Fines and Forfeitures, Deed of Trust and the Enterprise Funds. All annual appropriations lapse at the fiscal year end. Project ordinances are adopted for the Community Development Block Grant Fund.

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the object level for the multi-year funds. Amendments are required for any revisions that alter total expenditures of any fund or that change functional appropriations by more than \$5,000. The governing board must approve all amendments. During the year, several immaterial amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, Deferred Inflows and Outflows, and Fund Equity

1. Deposits and Investments

All deposits of the County and the Public Library are made in board-designated official depositories and are secured as required by G.S.159-31. The County and the Public Library may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the County and the Public Library may establish time deposit accounts such as NOW and Super-NOW accounts, money market accounts, and certificates of deposits.

State law [G.S.159-30(c)] authorizes the County, and the Public Library to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT).

The majority of the County and Public Library's investments are carried at fair value. Non-participating interest earning contracts are accounted for at cost. The North Carolina Capital Management Trust (NCCMT), which consists of two SEC-registered funds, is authorized by G.S. 159-30(c)(8). One of these funds, the Government Portfolio, is a 2a7 fund which invests in treasuries and government agencies and is rated AAAM by S&P and AAmf by Moody Investor Services. The Government Portfolio is reported at fair value.

2. Cash and Cash Equivalents

The County pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. Robeson County Public Library considers demand deposits and investments purchased with an original maturity of three months or less, which are not limited as to use, to be cash and cash equivalents.

3. Restricted Assets

Unexpended installment note proceeds for school capital outlay are classified as restricted assets within the General Fund because their use is completely restricted to the purpose for which notes were originally issued. Unexpended note proceeds for public buildings are classified as restricted assets within the Capital Reserve Capital Project Fund because their use is completely restricted to the purpose for which the note was originally issued. Unexpended E-911 Fund are restricted for emergency services. Unexpended ARP funds are restricted to expenditures for that purpose.

Robeson County Restricted Cash	
Governmental Activities:	
General Fund:	
School Capital Outlay	\$ 504,721
Public Buildings	493,080
ARP Funds	12,686,233
E - 911	2,413,062
Total Governmental Activities	<u>16,097,096</u>
Total Restricted Cash	<u>\$ 16,097,096</u>

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, Deferred Inflows and Outflows, and Fund Equity (Continued)

4. Ad Valorem Taxes Receivable

In accordance with State law [G.S.105-347 and G.S.159-13(a)], the County levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, penalties and interest do not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2020. As allowed by State law, the County has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the County's General Fund, ad valorem tax revenues are reported net of such discounts.

5. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Inventories and Prepaid Items

The inventories of the County and the Public Library are valued at cost (first-in, first-out), which approximates market. The County's General Fund inventory consists of expendable supplies that are recorded as expenditures when purchased. The inventory of the County's enterprise funds as well as those of the Public Library consists of materials and supplies held for consumption or resale. The cost of the inventory carried in the County's enterprise funds and that of the Public Library is recorded as an expense as it is consumed or sold.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

7. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets received prior to July 1, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after July 1, 2015 are recorded at acquisition value. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Minimum capitalization costs are as follows: equipment and vehicles, land, buildings, \$50,000.

The County holds title to certain Robeson County Board of Education properties that have not been included in capital assets. The properties have been deeded to the County to permit installment purchase financing of acquisition and construction costs and to permit the County to receive refunds of sales tax paid for construction costs. Agreements between the County and the Board of Education give the Board of Education full use of the facilities, full responsibility for maintenance of the facilities, and provide that the County will convey title to the property back to the Board of Education after all restrictions of the financing agreements and all sales tax reimbursement requirements have been met. The properties are reflected as capital assets in the financial statements of the Robeson County Board of Education.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, Deferred Inflows and Outflows, and Fund Equity (Continued)

7. Capital Assets (Continued)

Capital assets of the County are depreciated on a straight-line basis over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Buildings	50
Improvements	25
Vehicles	5
Furniture and equipment	5
Computer equipment	5

Minimum capitalization costs for the Library are as follows: equipment and vehicles, land, and buildings, \$5,000.

Capital assets of the Robeson County Public Library are depreciated over their useful lives on a straight-line basis as follows:

Asset Class	Estimated Useful Lives
Buildings	50
Improvements	25
Vehicles	5
Furniture and equipment	5

8. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The County has two items that meet this criterion – pension related deferrals and OPEB deferrals. In addition to liabilities, the statement of financial position can also report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The County has several items that meet the criterion for this category - property taxes receivable, deferred grants, pension related deferrals, and OPEB deferrals.

9. Long-Term Obligations

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities on the statements of net position.

In the fund financial statements for governmental fund types, the face amount of debt issued is reported as other financing sources.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, Deferred Inflows and Outflows, and Fund Equity (Continued)

10. Compensated Absences

The vacation policies of the County and the Public Library provide for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned. An expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned in the County's government-wide, proprietary fund, and Public Library statements.

The sick leave policies of the County and the Public Library provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since neither the County nor the Public Library has any obligation for the accumulated sick leave until it is actually taken, no accruals for sick leave have been made.

11. Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements is classified as net investment in capital assets, restricted, and unrestricted. Restricted net position represents constraints on resources that are either a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through State statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance - This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, Deferred Inflows and Outflows, and Fund Equity (Continued)

11. Net Position/Fund Balances (Continued)

Restricted Fund Balance - This classification includes revenue sources that are restricted to specific purposes externally imposed or imposed by law.

Restricted for Stabilization by State Statute – North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". *Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget.* Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

Restricted for School Capital Outlay - portion of fund balance that is restricted by revenue source for school capital outlay.

Restricted for Public Buildings - portion of fund balance that is restricted by revenue source for public building capital outlay.

Restricted for E-911 - portion of fund balance that can only be used for E-911.

Committed Fund Balance - Portion of fund balance that can only be used for specific purpose imposed by majority vote of Robeson County's governing body (highest level of decision-making authority). Any changes or removal of specific purposes requires majority action by the governing body.

Assigned Fund Balance - portion of fund balance that the Robeson County governing board has budgeted.

Subsequent year's expenditures - portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed.

Assigned for Public Buildings - portion of fund balance that has been budgeted by the board for public building capital outlay.

Unassigned Fund Balance - Portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

Robeson County has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-county funds, and county funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance, and lastly, unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the County.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, Deferred Inflows and Outflows, and Fund Equity (Continued)

12. Defined Benefit Pension and OPEB Plans

The County participates in three cost-sharing, multiple-employer, defined benefit pension plans that are administered by the State; the Local Governmental Employees' Retirement System (LGERS) and the Register of Deeds' Supplemental Pension Fund (RODSPF) and the Law Enforcement Officers' Special Separation Allowance (LEOSSA) (collectively, the "state-administered defined benefit pension plans"), and one other postemployment benefit plan (OPEB), the Healthcare Benefits Plan (HCB). For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the state-administered defined benefit pension plans and additions to/deductions from the state-administered defined benefit pension plans' fiduciary net positions have been determined on the same basis as they are reported by the state-administered defined benefit pension plans. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The County's employer contributions are recognized when due and the County has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the state-administered defined benefit pension plans. For purposes of measuring the net OPEB liability, deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the HCB and additions to/deductions from the HCB's fiduciary net position have been determined on the same basis as they are reported by the HCB. For this purpose, the HCB recognizes benefit payments when due and payable in accordance with the benefit terms. Investments for all plans are reported at fair value.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Reconciliation of Government-wide and Fund Financial Statements

1. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position.

The governmental fund balance sheet includes a reconciliation between total fund balance for the governmental funds and net position for governmental activities as reported in the government-wide statement of net position. The net decrease of \$48,871,215 consists of the following:

Capital assets used in governmental activities are not financial resources and are therefore not reported in the funds (total capital assets on government-wide statement in governmental activities column)	\$ 89,681,561
Less accumulated depreciation	(37,262,443)
Net capital assets	<u>52,419,118</u>
Net pension asset	140,013
Contributions to the pension plan in the current fiscal year	4,603,057
Benefit payments and pension administration costs for LEOSSA	207,873
Accrued interest receivable less the amount claimed as unearned revenue in the government-wide statements as these funds are unavailable in the fund statements	2,365,583
Liabilities for deferred inflows of resources reported in the fund statements but not the government-wide	10,710,056
Pension related deferrals	9,008,606
OPEB related deferrals	6,846,356
Liabilities that, because they are not due and payable in the current period, do not require current resources to pay and are therefore not reported in the fund statements:	
Accrued interest payable	(590,766)
Qualified school construction bonds	(1,957,228)
Qualified zone academy bonds	(1,200,000)
Installment notes	(31,964,067)
Compensated absences	(4,198,022)
Net pension liability	(20,969,352)
Net OPEB Liability	(68,642,683)
Total pension liability	<u>(5,649,759)</u>
Total adjustment	<u>\$ (48,871,215)</u>

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Reconciliation of Government-wide and Fund Financial Statements (Continued)

2. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balance and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances for the governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. The total adjustment of \$(3,757,619) is comprised of the following:

Description	Amount
Capital outlay expenditures recorded in the fund statements but capitalized as assets in the statement of activities	\$ 3,857,373
Depreciation expense, the allocation of those assets over their useful lives, that is recorded on the statement of activities but not in the fund statements	(1,987,582)
Accrued interest payable	(168,006)
Principal payments on debt owed are recorded as a use of funds on the fund statements but again affect only the statement of net position in the government-wide statements	4,474,059
New debt issued during the year is recorded as a source of funds on the fund statements; it has no effect on the statement of activities – it affects only the government-wide statement of net position	(2,000,000)
Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities	4,603,057
Benefit payments and administration costs for LEOSSA are deferred outflows of resources on the Statement of Net Position	207,873
Expenses reported in the statement of activities that do not require the use of current resources to pay are not recorded as expenditures in the fund statements	
Compensated absences	797,304
OPEB Expense	(3,718,135)
Pension expense	(7,741,163)
Revenues reported in the statement of activities that do not provide current resources are not recorded as revenues in the fund statements	
Change in deferred inflows of resources – taxes receivable – at end of year	(1,756,201)
Interest earned on ad valorem taxes	(326,198)
Total adjustment	\$ (3,757,619)

II. DETAIL NOTES ON ALL FUNDS

A. Assets

1. Deposits

All of the County and the Public Library's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the County's or the Public Library's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County and the Public Library, these deposits are considered to be held by their agents in the entities' names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County, the Public Library or with the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the County or the Public Library under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method.

The State Treasurer enforces standards of minimum capitalization for all pooling method financial institutions. The County and the Public Library rely on the State Treasurer to monitor those financial institutions. The County analyzes the financial soundness of any other financial institution used by the County. The County complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured. The County and the Public Library have no policy regarding custodial credit risk for deposits.

At June 30, 2021, the County's deposits had a carrying amount of \$11,715,353 and a bank balance of \$17,234,846. Of the bank balance, \$976,096 was covered by federal depository insurance; of the remainder \$377,668 was covered by collateral held under the dedicated method, the rest was covered by collateral held under the Pooling Method.

At June 30, 2021, Robeson County had \$8,500 cash on hand.

At June 30, 2021, the Public Library's deposits had a carrying amount of \$786,084 and a bank balance of \$818,091. Of the bank balance, \$334,247 was covered by federal depository insurance and the remainder was covered by collateral held under the pooling method. At June 30, 2021, the Library's petty cash fund totaled \$100.

2. Investments

As of June 30, 2021, the County had the following investments and maturities.

Investment Type	Valuation Measurement Method	Fair Value	Less Than 6 months	6-12 Months	1-3 Years	3-6 Years
US Government Agencies	Fair Value-Level 1	\$ 5,841,315	\$ -	\$ -	\$ -	\$ 5,841,315
NC Capital Management Trust – Gov't Portfolio	Fair Value-Level 1	63,608,663	63,608,663	N/A	N/A	N/A
Total		\$ 69,449,978	\$63,608,663	\$ -	\$ -	\$ 5,841,315

II. DETAIL NOTES ON ALL FUNDS (Continued)

A. Assets (Continued)

2. Investments (Continued)

Because the NCCMT Government Portfolio has a weighted average maturity of less than 90 days, it is presented as an investment with a maturity of less than 6 months. The NCCMT Government Portfolio has an AAAM rating from S&P and AAA-mf by Moody's Investor Services.

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

Level of fair value hierarchy: Level 1: Debt securities valued using directly observable, quoted prices (unadjusted) in active markets for identical assets. Level Two debt securities are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Interest Rate Risk. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. The County has no formal policy regarding credit risk but has internal management procedures that limit the County's investments to the provisions of G.S. 159-30 and restricts the purchase of securities to the highest possible ratings whenever particular types of securities are rated. The investment in the Federal Home Loan Bank is rated AAA by Standard and Poor's and Aaa by Moody's Investors Service. The County's investments in the NC Capital Management Trust Government Portfolio carried a credit rating of AAAM by Standard & Poor's as of June 30, 2021. The County has no policy on credit risk.

Concentration of Credit Risk. The County places no limit on the amount the County may invest in any one issuer.

II. DETAIL NOTES ON ALL FUNDS (Continued)

A. Assets (Continued)

3. Receivables

Receivables at the government-wide level at June 30, 2021, were as follows:

	Accounts	Taxes Receivable	Interest Receivable	Special Assessments	Total
Governmental Activities					
General	\$ 2,517,843	\$ 10,267,636	\$ 1,119,062	\$ -	\$ 13,904,541
Other Governmental	-	1,669,420	2,365,583	-	4,035,003
Total Receivables	2,517,843	11,937,056	3,484,645	-	17,939,544
Less: Allowance Amount	-	1,227,000	-	-	1,227,000
Total	\$ 2,517,843	\$10,710,056	\$ 3,484,645	\$ -	\$ 16,712,544
Business-type Activities					
Water Fund	\$ 685,028	\$ -	\$ -	\$ -	\$ 685,028
Solid Waste Fund	2,150,518	-	-	-	2,150,518
Housing Authority	244,158	-	-	-	244,158
Total Receivables	3,079,704	-	-	-	3,079,704
Less: Allowance Amount	69,000	-	-	-	69,000
Total	\$ 3,010,704	\$ -	\$ -	\$ -	\$ 3,010,704

Due from other governments that owed to the County consists of the following:

Local Option Sales Tax	\$ 5,077,644
Other Taxes and Grants	2,086,892
Total	<u>\$ 7,164,536</u>

II. DETAIL NOTES ON ALL FUNDS (Continued)

A. Assets (Continued)

4. Capital Assets

Primary Government

Capital asset activity for the year ended June 30, 2021, was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental Activities:				
Capital assets not being depreciated				
Land	\$ 2,837,660	\$ -	\$ -	\$ 2,837,660
Construction in progress	-	-	-	-
Total assets not being depreciated	2,837,660	-	-	2,837,660
Capital assets being depreciated:

a. Local Governmental Employees' Retirement System

Plan Description. The County is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

2. Pension Plan and Other Postemployment Obligations (Continued)

a. Local Governmental Employees' Retirement System (Continued)

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service. Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age or have completed 15 years of service as a LEO and have reached age 50 or have completed five years of creditable service as a LEO and have reached age 55 or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. County employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The County's contractually required contribution rate for the year ended June 30, 2021, was 10.90% of compensation for law enforcement officers, 10.15% for general employees, and 7.33% for general employees of the housing authority, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the County were \$4,952,082 for the year ended June 30, 2021.

Refunds of Contributions – County employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions, or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the County reported a liability of \$22,581,551 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2019. The total pension liability was then rolled forward to the measurement date of June 30, 2020 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability was based on a projection of the County's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2021, the County's proportion was .63193% (measured as of June 30, 2020), which was an increase of .019250% from its proportion measured as of June 30, 2020 (measured as of June 30, 2019).

For the year ended June 30, 2021, the County recognized pension expense of \$7,740,186. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,851,654	\$ -
Changes in assumptions	1,680,510	-
Net difference between projected and actual earnings on pension plan investments	3,177,749	-
Changes in proportion and differences between County contributions and proportionate share of contributions	547,703	421,685
County contributions subsequent to the measurement date	4,952,082	-
Total	\$ 13,209,698	\$ 421,685

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

2. Pension Plan and Other Postemployment Obligations (Continued)

a. Local Governmental Employees' Retirement System (Continued)

\$4,952,082 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30:</u>		
2022	\$	2,153,145
2023		2,940,623
2024		1,801,711
2025		940,452
2026		-
Thereafter		-
Total	\$	<u>7,835,931</u>

Actuarial Assumptions. The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00 percent
Salary increases	3.50 percent
Investment rate of return	7.00 percent, net pension plan investment expense, including inflation

The plan actuary currently uses mortality rates based on the *RP-2014 Total Data Set for Healthy Annuitants Mortality Table* that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study as of December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

2. Pension Plan and Other Postemployment Obligations (Continued)

a. Local Governmental Employees' Retirement System (Continued)

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2021, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	6.0%	4.0%
Total	100%	

The information above is based on 30 year expectations developed with the consulting actuary for the 2019 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.05%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

2. Pension Plan and Other Postemployment Obligations (Continued)

a. Local Governmental Employees' Retirement System (Continued)

Sensitivity of the County's proportionate share of the net pension liability to changes in the discount rate. The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the County's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
County's proportionate share of the net pension liability (asset)	\$ 45,815,507	\$ 22,581,551	\$ 3,272,500

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Annual Comprehensive Financial Report for the State of North Carolina.

b. Law Enforcement Officers Special Separation Allowance

Plan Description

Robeson County administers a public employee retirement system (the *Separation Allowance*), a single-employer defined benefit pension plan that provides retirement benefits to the County's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

2. Pension Plan and Other Postemployment Obligations (Continued)

b. Law Enforcement Officers Special Separation Allowance (Continued)

Plan Description (Continued)

All full-time County law enforcement officers are covered by the Separation Allowance. At December 31, 2019, valuation date, the Separation Allowance's membership consisted of:

Retirees receiving benefits	14
Terminated plan members entitled to but not yet receiving benefits	-
Active plan members	<u>136</u>
Total	<u>150</u>

Summary of Significant Accounting Policies

Basis of Accounting – The County has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the criteria which are outlined in GASB Statements 73.

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

2. Pension Plan Obligations (Continued)

b. Law Enforcement Officers Special Separation Allowance (Continued)

Actuarial Assumptions

The entry age actuarial cost method was used in the December 31, 2019 valuation. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5 percent
Salary increases	3.25 to 7.75 percent, including inflation and productivity factor
Discount rate	1.93 percent

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of December 31, 2020.

Mortality rates are based on the RP-2014 Mortality tables with adjustments for mortality improvements based on Scale AA.

Contributions

The County is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay as you go basis through appropriations made in the General Fund operating budget. There were no contributions made by employees. The County's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings. The County paid \$207,873 as benefits came due for the reporting period.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the County reported a total pension liability of \$5,649,759. The total pension liability was measured as of December 31, 2020 based on a December 31, 2019 actuarial valuation. The total pension liability was rolled forward to December 31, 2020 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2021, the County recognized pension expense of \$659,807.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 408,131	\$ 32,768
Changes in assumptions	1,423,641	79,577
County benefit payments & admin expenditures paid subsequent to the measurement date	207,873	-
Total	<u>\$ 2,039,645</u>	<u>\$ 112,345</u>

The County paid \$207,873 in benefit payments and \$-0- in admin expenditures subsequent to the measurement date that are reported as deferred outflows of resources related to pensions which will be recognized as a decrease of the total of the pension liability in the year ended June 30, 2022. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30:</u>	
2022	\$ 362,904
2023	366,596
2024	351,940
2025	339,142
2026	298,845
Thereafter	-
Total	<u>\$ 1,719,427</u>

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

2. Pension Plan Obligations (Continued)

b. Law Enforcement Officers Special Separation Allowance (Continued)

Sensitivity of the County's total pension liability to changes in the discount rate. The following presents the County's total pension liability calculated using the discount rate of 1.93 percent, as well as what the County's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.93 percent) or 1-percentage-point higher (0.93 percent) than the current rate:

	1% Decrease (0.93%)	Discount Rate (1.93%)	1% Increase (2.93%)
Total pension liability	\$ 6,129,678	\$ 5,649,759	\$ 5,210,036

Changes in the Total Pension Liability

Total Pension Liability as of December 31, 2019	\$ 3,627,003
Changes for the year:	
Service Cost at end of year	180,825
Interest	115,043
Change in Benefit Terms	-
Difference between expected and actual experience	377,453
Changes of assumptions and other inputs	1,545,562
Benefit Payments	(196,127)
Other	-
Net Changes	<u>2,022,756</u>
Total Pension Liability as of December 31, 2020	<u>\$ 5,649,759</u>

Changes of assumptions. Changes of assumption and other inputs reflect a change in the discount rate from 3.26 percent at December 31, 2019 (measurement date) to 1.93 percent at December 31, 2020 (measurement date).

Changes in Benefit Terms. Reported compensation adjusted to reflect the assumed rate of pay as of the valuation date.

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

2. Pension Plan Obligations (Continued)

b. Law Enforcement Officers Special Separation Allowance (Continued)

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study for the five-year period ending December 31, 2019.

c. Supplemental Retirement Income Plan for Law Enforcement Officers

Law Enforcement Officers

Plan Description – The County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy – Article 12E of G.S. Chapter 143 requires that the County contribute each month an amount equal to 5 percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. Contributions from the County for the year ended June 30, 2021 were \$349,737. No amounts were forfeited.

All Other Employees

Plan Description – The County has elected to contribute to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees, for all other employees. The Plan provides retirement benefits to employees of the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy – The County contributes each month an amount equal to 4 percent of each employee's salary, and all amounts contributed are vested immediately. Also, the employees may make voluntary contributions to the plan. Contributions from the County for the year ended June 30, 2021 were \$1,615,561. No amounts were forfeited.

2. Pension Plan Obligations (Continued)

d. Registers of Deed's Supplemental Pension Fund

Plan Description. Robeson County also contributes to the Registers of Deeds' Supplemental Pension Fund (RODSPF), a noncontributory, cost-sharing multiple-employer defined benefit plan administered by the North Carolina Department of State Treasurer. RODSPF provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. Chapter 161 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Registers of Deeds' Supplemental Pension Fund is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes financial statements and required supplementary information for the Registers of Deeds' Supplemental Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. An individual's benefits for the year are calculated as a share of accumulated contributions available for benefits for that year, subject to certain statutory limits. An individual's eligibility is based on at least 10 years of service as a register of deeds with the individual's share increasing with years of service. Because of the statutory limits noted above, not all contributions available for benefits are distributed.

Contributions. Benefits and administrative expenses are funded by investment income and 1.5% of the receipts collected by each County Commission under Article 1 of Chapter 161 of the North Carolina General Statutes. The statutory contribution currently has no relationship to the actuary's required contribution. The actuarially determined contribution this year and for the foreseeable future is zero. Registers of Deeds do not contribute. Contribution provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. Contributions to the pension plan from the County were \$10,738 for the year ended June 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the County reported an asset of \$140,013 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2020. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2019. The total pension liability was then rolled forward to the measurement date of June 30, 2020 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension asset was based on the County's share of contributions to the pension plan, relative to contributions to the pension plan of all participating RODSPF employers. At June 30, 2020, the County's proportion was .61093%, which was a decrease of .108350% from its proportion measured as of June 30, 2019.

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

2. Pension Plan Obligations (Continued)

d. Registers of Deed's Supplemental Pension Fund (Continued)

For the year ended June 30, 2021, the County recognized pension expense of \$9,945. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 2,853
Changes in assumptions	-	-
Net difference between projected and actual earnings on pension plan investments	-	11,980
Changes in proportion and differences between County contributions and proportionate share of contributions	21,843	-
County contributions subsequent to the measurement date	10,738	-
Total	<u>\$ 32,581</u>	<u>\$ 14,833</u>

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

2. Pension Plan Obligations (Continued)

d. Registers of Deed's Supplemental Pension Fund (Continued)

\$10,738 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2022. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30:</u>		
2022	\$	8,837
2023		6,597
2024		(5,407)
2025		(3,017)
2026		-
Thereafter		-
Total	\$	<u>7,010</u>

Actuarial Assumptions. The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	3.50 to 7.75 percent, including inflation and productivity factor
Investment rate of return	3.75 percent, net pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study as of December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

2. Pension Plan Obligations (Continued)

d. Registers of Deed's Supplemental Pension Fund (Continued)

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The adopted asset allocation policy for the RODSPF is 100% in the fixed income asset class. The best estimate of arithmetic real rate of return for the fixed income asset class as of June 30, 2021 is 1.4%.

The information above is based on 30 year expectations developed with the consulting actuary for the 2021 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 3.75%. The projection of cash flows used to determine the discount rate assumed that System contributions will continue to follow the current funding policy. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 3.75 percent, as well as what the County's proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower (2.75 percent) or 1-percentage-point higher (4.75 percent) than the current rate:

	1% Decrease (2.75%)	Discount Rate (3.75%)	1% Increase (4.75%)
County's proportionate share of the net pension liability (asset)	\$ (118,924)	\$ (140,013)	\$ (157,858)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Annual Comprehensive Financial Report for the State of North Carolina.

2. Pension Plan Obligations (Continued)

e. Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability (asset) for LGERS and ROD was measured as of June 30, 2020 and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of December 31, 2019. The total pension liability for LEOSSA was measured as of December 31, 2020, with an actuarial valuation date of December 31, 2019. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contribution of all participating entities. Following is information related to the proportionate share and pension expense:

	LGERS	ROD	LEOSSA	Total
Proportionate Share of Net Pension Liability (Asset)	\$ 22,581,551	\$ (140,013)	\$ n/a	\$ 22,441,538
Proportion of the Net Pension Liability (Asset)	0.63193%	(0.61093%)	n/a	
Total Pension Liability	-	-	\$ 5,649,759	\$ 5,649,759
Pension Expense	\$ 7,740,186	\$ 9,945	\$ 659,807	\$ 8,409,938

f. Other Postemployment Benefit

Plan Administration. Under the terms of a County Resolution, Robeson County provides healthcare benefits through the Healthcare Benefits Plan (HCB Plan) as a single-employer defined benefit plan to cover retirees of the County who participate in the North Carolina Local Government Employees' Retirement System (System) and who have at least 20 years of service, including any purchase of military service; and is at least 50 years of age. The County also provides health care benefits to retirees of the County who have 30 years or more of services within the retirement system, which may include military service purchased and/or sick leave credited towards retirement, along with working at Robeson County for at least 20 years of service; or if Robeson County has provided health insurance to an employee for 30 years and; then once the retiree is eligible for a Medicare Supplement the County will provide a paid AARP Medicare Supplement Medical Insurance Plan (Plan I coverage supplement) and the Standard Prescription Drug Plan until death of retiree. The County pays full cost of coverage for these benefits through private insurers. However, all membership fees must be paid by the retiree and must be in a current status at all times, since membership fees are not the responsibility of the County to pay. Dental and Vision benefits are offered to retirees, but the retiree is responsible for the full cost of coverage. Also, the County's retirees can purchase coverage for their dependents at the County's group rates. The Board of Commissioners may amend the benefit provisions. A separate report was not issued for the plan.

Management of the HCB Plan is vested in the Robeson County Board of Commissioners.

Plan membership. Reported as of June 30, 2020 and June 30, 2021, the HCB Plan Membership consisted of the following:

	2020	2021
Inactive employees or beneficiaries currently receiving benefits	202	233
Inactive employees entitled to but not yet receiving benefits	0	0
Active plan members	927	1,077
Total	1,129	1,310

Total OPEB Liability

The County's total OPEB liability of \$73,650,948 was measured as of June 30, 2020 and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	2.50 percent
Salary Increases	3.50-7.75 percent
Discount Rate	2.21 percent
Healthcare Cost Trend Rates	4.50-7.00 percent

The discount rate is based on the June average of the Bond Buyer General Obligation 20-year Municipal Bond Index published weekly by the Bond Buyer.

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance at July 1, 2020	\$ 62,688,078
Changes for the year	
Service cost	2,492,608
Interest	2,251,433
Changes of benefit terms	-
Differences between expected and actual experience	(5,337,972)
Changes in assumptions or other inputs	13,279,654
Benefit payments	(1,722,853)
Net changes	<u>10,962,870</u>
Balance at June 30, 2021	<u>\$ 73,650,948</u>

Changes in assumptions and other inputs reflect a change in the discount rate from 3.50% to 2.21%.

Mortality rates were based on the RP-2014 mortality tables, with adjustments for LGERS experience and generational mortality improvements using Scale MP-2015.

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

2. Pension Plan Obligations (Continued)

f. Other Postemployment Benefit (Continued)

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.21 percent) or 1-percentage-point higher (3.21 percent) than the current discount rate:

	1% Decrease	Current Discount Rate	1% Increase
Total OPEB Liability	\$ 88,396,703	\$ 73,650,948	\$ 62,285,972

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare costs trend rates:

	1% Decrease	Current Trend Rate	1% Increase
Total OPEB Liability	\$ 60,742,878	\$ 73,650,948	\$ 90,894,634

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the County recognized OPEB expense of \$5,723,592. At June 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 712,186	\$ 5,005,905
Changes of assumptions	14,226,727	2,587,133
Benefit payments and administrative costs made subsequent to the measurement date		-
Total	\$ 14,938,913	\$ 7,593,038

	\$	<u>7,345,875</u>

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

2. Pension Plan Obligations (Continued)

g. Other Employment Benefits

The County has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000. Because all death benefit payments are made from the Death Benefit Plan and not by the County, the County does not determine the number of eligible participants. The County has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The County considers these contributions to be immaterial.

In addition, the County has elected to provide a group-term life insurance policy to its employees through Met Life. Lump sum death benefit payments to beneficiaries for department heads, law enforcement officers, and general employees are \$25,000, \$20,000, and \$10,000, respectively. The County pays all premiums for the employees for this additional life insurance. Employees may elect to purchase insurance for dependents, but the employee is responsible for all dependent premiums through payroll deduction. The County considers the cost of the additional life insurance premiums to be immaterial.

3. Closure and Postclosure Care Costs – Robeson County Facility

State and federal laws and regulations require the County to place a final cover on its Robeson County Landfill Facility when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$9,795,183 reported as landfill closure and postclosure care liability at June 30, 2021 represents a cumulative amount reported to-date based on the use of 52 percent of the total estimated capacity of the landfill. The County will recognize the remaining estimated cost of closure and postclosure care of \$9,041,708 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2021. The County expects to close the Robeson County Landfill Facility in 2022. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

Total	\$ 30,220,837	\$ 31,538,145

5. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County participates in three self-funded risk financing pools administered by the Risk Management Agency of the North Carolina Association of County Commissioners. Through these pools, the County obtains property coverage equal to replacement cost values of owned property subject to a limit of \$109.3 million for any one occurrence, general, auto, and professional liability coverage of \$2 million per occurrence, auto physical damage coverage for owned autos at actual cash value, crime coverage of \$250,000 per occurrence, workers' compensation coverage up to the statutory limits, and health insurance for County employees. The pools are audited annually by certified public accountants, and the audited financial statements are available to the County upon request. Two of the pools are reinsured through a multi-state public entity captive for single occurrence losses in excess of \$500,000 up to a \$2 million limit for liability coverage, \$600,000 of aggregate damage, and crime coverage, and single occurrence losses of \$350,000 for workers compensation. For health insurance, the County is reinsured for individual losses in excess of \$50,000 and aggregate annual losses in excess of 115% of expected claims. The pool is reinsured through commercial carrier for individual losses in excess of \$100,000.

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

5. Risk Management (Continued)

The County carries no flood insurance through the National Flood Insurance Plan (NFIP).

In accordance with G.S. 159-29, the County's employees that have access to \$100 or more at any given time of the County's funds are performance bonded through a commercial surety bond. The Director of Finance and tax collector are each individually bonded for \$65,000 and \$50,000, respectively. The remaining employees that have access to funds are bonded under a blanket bond for \$250,000.

The County carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

The Robeson County Public Library is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Public Library carries commercial insurance for these risks of loss. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

6. Contingent Liabilities

At June 30, 2021, the County was a defendant to various lawsuits. In the opinion of the County's management and the County attorney, the ultimate effect of these legal matters will not have a material adverse effect on the County's financial position.

7. Long-Term Obligations

a. Installment Purchase

An installment purchase was executed on June 22, 2006 for various property improvements for use by the County Courthouse. The transaction requires 39 payments by the County of \$58,758 and one annual payment of \$78,874 at an interest rate of 4.5%. At June 30, 2021, the principal balance remaining was, \$896,389.

An installment purchase was executed on June 22, 2006 for various property improvements for use by the County Courthouse. The transaction requires 39 payments by the County of \$26,690 and one annual payment of \$35,511 at an interest rate of 4.375%. At June 30, 2021, the principal balance remaining was, \$412,572.

An installment purchase was executed on December 10, 2009 for the construction of DSS facilities, EOC facilities, and school board appropriations. The transaction requires 18 payments by the County of \$1,351,351 plus interest and one payment of \$675,676 at an interest rate of 4.89%. At June 30, 2021, the principal balance remaining was, \$11,486,487.

An installment purchase was executed on November 9, 2018 for the purchase of vehicles and equipment. The transaction requires 4 payments by the County of \$947,005. Total payment includes interest payments on outstanding principal at a rate of 3.24%. At June 30, 2021, the principal balance was \$1,805,782.

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

7. Long-Term Obligations (Continued)

a. Installment Purchase (Continued)

An installment purchase was executed on January 16, 2020 for the purchase of an office building. The transaction requires 15 payments by the County of \$1,126,494 plus interest at 2.80%. Maturity is scheduled for January 16, 2035. At June 30, 2021, the principal balance was \$15,770,926.

An installment purchase was executed on November 4, 2020 for the purchase of EMS ambulances. The transaction requires 5 payments by the County of \$417,224 including interest at 1.89%. Maturity is scheduled for January 30, 2025. At June 30, 2021, the principal balance was \$1,591,911.

Annual debt service payments of the installment purchase as of June 30, 2021, including \$6,946,357 of interest, are:

Year Ending June 30	Governmental Activities	
	Principal	Interest
2022	\$ 3,780,121	\$ 1,134,155

b. Qualified Zone Academy Bonds

As authorized by State law (G.S. 160A-20), the County entered into an installment financing agreement on December 22, 2010 for the purposes of providing funds up to \$4,000,000 to pay a portion of the renovation of a public school facility. The County's obligation under the contract will be designated as "Qualified Zone Academy Bonds (QZAB)" pursuant to the federal QZAB program. Under the QZAB program, the County's interest rate is 5.80% and the County will receive refundable tax credits that equal the amount of interest that it paid. The installment purchase was issued pursuant to a deed of trust that requires that legal title remain with the County as long as the debt is outstanding. The County entered into a lease with the Board of Education that transfers rights and responsibilities for the maintenance and insurance of the property to the Board of Education. The lease calls for nominal lease payments and a bargain purchase option. The lease term is the same as that of the installment purchase agreement. Due to the economic substance of the transaction, the capital assets associated with the installment purchase obligation are recorded by the Board of Education.

For Robeson County, the future minimum payments as of June 30, 2021 are:

Year Ending June 30	Governmental Activities	
	Principal	Interest
2022	\$ 266,667	\$ 65,733
2023	266,667	50,267
2024	266,667	34,800
2025	266,666	19,333
2026	133,333	3,867
2027	-	-
Total	<u>\$ 1,200,000</u>	<u>\$ 174,000</u>

c. Qualified School Construction Bonds

As authorized by State law (G.S. 160A-20), the County entered into an installment financing agreement on December 22, 2010 for the purposes of providing funds up to \$6,524,093 to pay a portion of the renovation of a public school facility. The County's obligation under the contract will be designated as "Qualified School Construction Bonds (QSCB)" pursuant to the federal QSCB program. Under the QSCB program, the County's interest rate is 5.80% and the County will receive refundable tax credits that equal the amount of interest that it paid. The installment purchase was issued pursuant to a deed of trust that requires that legal title remain with the County as long as the debt is outstanding. The County entered into a lease with the Board of Education that transfers rights and responsibilities for the maintenance and insurance of the property to the Board of Education. The lease calls for nominal lease payments and a bargain purchase option. The lease term is the same as that of the installment purchase agreement. Due to the economic substance of the transaction, the capital assets associated with the installment purchase obligation are recorded by the Board of Education.

For Robeson County, the future minimum payments as of June 30, 2021 are:

Year Ending June 30	Governmental Activities	
	Principal	Interest
2022	\$ 434,940	\$ 107,213
2023	434,940	81,986

B. Liabilities (Continued)

7. Long-Term Obligations (Continued)

d. General Obligation Indebtedness

All general obligation bonds serviced by the County's General Fund are collateralized by the full faith, credit, and taxing power of the County. Robeson County's Water Fund issues general obligation bonds to provide funds for the acquisition and construction of major water system capital improvements. These bonds, which are recorded in the Water Fund, are collateralized by the full faith, credit, and taxing power of the Water Fund. Principal and interest payments are appropriated when due.

The County's general obligation bonds payable at June 30, 2021 are comprised of the following individual issues:

Serviced by the County's Water Fund:

\$1,430,000 Water Bonds	
Interest due September 1 and March 1, principal due March 1, in annual installments through March 1, 2019	\$ -
\$7,900,000 Refunding Bonds	
Interest due June 1 and December 1, principal due June 1, in annual installments through June 1, 2029	-
\$5,982,000 Refunding Bonds	
Interest and principal due June 1, in annual installments through June 1, 2027	2,855,810
\$5,905,500 Refunding Bonds	
Interest and principal due June 1, in annual installments through June 1, 2027	2,809,070
\$5,613,904 Refunding Bonds	
Interest and principal due June 1, in annual installments through June 1, 2027	3,215,097
Total	<u>\$ 8,879,977</u>

II. DETAIL NOTES ON ALL FUNDS (Continued)

B. Liabilities (Continued)

7. Long-Term Obligations (Continued)

d. General Obligation Indebtedness (Continued)

Annual debt service requirements to maturity for the County's and the Water Fund's general obligation bonds and bond anticipation notes are as follows:

Year Ending June 30	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2022	\$ -	\$ -	\$ 1,277,971	\$ 247,751
2023	-	-	1,303,663	212,096
2024	-	-	1,333,684	175,724
2025	-	-	1,364,404	138,514
2026	-	-	1,395,600	100,447

Total	\$ -	\$ -	\$ 8,879,977	\$ 967,690

e. Advance Refundings

On March 1, 1994 and April 1, 2000, the County issued 14.84 and 11.82 million, respectively; in general obligation advanced refunding bonds to provide resources to purchase U.S. Government securities that were placed in an irrevocable trust for the purpose of general resources for all future debt service payments of \$13,856,700 and \$11,475,000 of general obligation bonds. As a result, the original bonds are considered to be defeased and the liability has been removed from the governmental activities and business-type of the statement of net position. The reacquisition price exceeded the carrying amount of the old debt by \$983,300 and \$345,000. This amount is being netted against the new debt and amortized over the life of the refunded debt, which is shorter than the life of the new debt issued. The advance refunding was undertaken to reduce total debt service payments over the life of the debt by \$1,190,167 and \$1,353,000.

Debt Related to Capital Activities – Of the total Governmental Activities debt listed only \$31,964,067 relates to assets the County holds title. Unspent restricted cash related to this debt amounts to \$0-.

C. Interfund Balances and Activity

Balances due to/from other funds at June 30, 2021 consist of the following:

Due from the General Fund to the Housing Authority for HUD assessment repayment. The assessment requires 25 annual repayments of \$28,376 to the Housing Authority beginning in 2016.	\$	539,137
Due from the CDBG Project Fund to the General Fund for expenditure repayment.		853,344
Due from the Capital Project Funds to the General Fund for expenditure repayment.		-
Total	\$	<u>1,392,481</u>

D. Net Investment in Capital Assets

	Governmental	Business-type
Capital Assets	\$ 52,419,118	\$ 39,608,152
Less: long-term debt	31,964,067	8,906,684
Add: unexpended debt proceeds	-	-
Net Investment in Capital Assets	<u>\$ 20,455,051</u>	<u>\$ 30,701,468</u>

II. DETAIL NOTES ON ALL FUNDS (Continued)

E. Fund Balance

Robeson County has a revenue spending policy that provides a policy for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-county funds, county funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the County.

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation:

<i>Total fund balance – General Fund</i>	\$	56,408,466
Less:		
Restricted		
Stabilization by State Statute		10,431,792
School Capital Outlay		504,721
Appropriated Fund Balance in 2021-2022 budget		-
Remaining Fund Balance		45,471,953

Robeson County has adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the County in such a manner that available fund balance is at least equal to or greater than 8% of budgeted expenditures.

The outstanding encumbrances are amounts needed to pay any commitments related to purchase orders and contracts that remain unperformed at year-end.

<i>Encumbrances</i>	General Fund	Non-Major Funds
\$ -	\$ -	\$ -

III. RELATED ORGANIZATION

The County appoints the entire seven member board of the Robeson County Industrial Facility and Pollution Control Authority, but has no financial responsibility or benefit, nor equity interest in the Authority.

IV. JOINT VENTURES

A. Lumberton Airport Authority

The County, in conjunction with the City of Lumberton, participates in the Lumberton Airport Authority. The County appoints three members, the City of Lumberton appoints six members and the Airport Commission appoints three members of the twelve-member commission. The Airport is a joint venture established to facilitate economic expansion within the County and improve the quality of life for its citizens. The Airport has been in existence for several years, but it is not yet self-sustaining. The County has an ongoing financial responsibility for the Airport because it and the County are legally obligated under the intergovernmental agreement that created the Airport to honor any deficiencies in the event that proceeds from other default remedies are insufficient. The County contributed \$86,108 and \$512,196 to the Airport for operating and capital purposes, respectively, during the fiscal year ended June 30, 2021. The participating governments do not have any equity interest in the joint venture, so no equity interest has been reflected in the financial statements at June 30, 2021. Complete financial statements for the Airport can be obtained from the Airport's administrative offices in Lumberton, North Carolina.

B. Robeson Community College

The County, in conjunction with the State of North Carolina and the Robeson County Board of Education, participates in a joint venture to operate Robeson Community College. Each of the three participants appoints four members of the twelve-member board of trustees of the community college. The president of the community college's student government serves as an ex officio nonvoting member of the community college's board of trustees. The community college is included as a component unit of the State. The County has the basic responsibility for providing funding for the facilities of the community college and also provides some financial support for the community college's operations. In addition to providing some annual appropriations for the facilities, the County periodically issues general obligation bonds to provide financing for new and restructured facilities. The County has an ongoing financial responsibility for the community college because of the statutory responsibilities to provide funding for the community college's facilities. The County contributed \$2,650,000 and \$500,000 to the community college for operating and capital purposes, respectively, during the fiscal year ended June 30, 2021. The participating governments do not have any equity interest in the joint venture; therefore, no equity interest has been reflected in the County's financial statements at June 30, 2021. Complete financial statements for the community college may be obtained from the community college's administrative offices in Lumberton, North Carolina.

V. JOINTLY GOVERNED ORGANIZATION

Lumber River Council of Governments

The County, in conjunction with four other counties and twenty-four municipalities, established the Lumber River Council of Governments (Council). The participating governments established the Council to coordinate various funding received from federal and State agencies. Each participating government appoints one member to the Council's governing board. The County paid membership fees of \$153,857 to the Council during the fiscal year ended June 30, 2021. The County was the sub-recipient of several grants and programs passed through the Council.

VI. SUMMARY DISCLOSURE OF SIGNIFICANT COMMITMENTS AND CONTINGENCIES

Federal and State Assisted Programs

The County has received proceeds from several federal and State grants. Periodic audits of these grants are required, and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

Coronavirus Disease (COVID-19)

During the fiscal year 2020, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic has had significant effects on global markets, supply chains, businesses, and communities. Specific to the County, COVID-19 is expected to impact various parts of its fiscal year 2021-22 operations and financial results. Management believes the County is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as events associated with the pandemic continue to develop.

VII. SUBSEQUENT EVENTS

Subsequent events have been evaluated through March 21, 2022, which is the date the financial statements were available to be issued.

VIII. CHANGE IN ACCOUNTING PRINCIPLE

The County implemented Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*, effective July 1, 2020. The statement establishes criteria for identifying fiduciary activities of all state and local governments and provides guidance on how to report fiduciary activities within the financial statements. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The statement also describes four fiduciary funds that should be reported if criteria outlined in the statement are met: (1) pension (and other employee benefit) trust funds, (2) investment trust funds, (3) private-purpose trust funds, and (4) custodial funds. The use of agency funds was eliminated. The statement also provides for recognition of a liability to the beneficiaries in a fiduciary fund when an event has occurred that compels the government to disburse fiduciary resources.

As part of implementing the statement, the County performed a comprehensive review of its fiduciary relationships and applied the criteria within the guidance. As a result, fund balance and net position were reclassified from four agency funds to custodial funds. Two agency funds, the Deed of Trust Fund and the Fines and Forfeitures Fund, were reclassified into newly created Special Revenue Funds.

Statistical Section

This part of Robeson County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the County's overall financial health.

Financial Trends

These schedules contain information to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the County's ability to generate its property and sales taxes.

Debt Capacity

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial report for the relevant year. The County implemented GASB Statement 34 in 2003; schedules presenting government-wide information include information beginning in that year.

**Report on Internal Control Over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements Performed in
Accordance With *Government Auditing Standards***

Independent Auditor's Report

To the Board of County Commissioners
Robeson County, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Robeson County, North Carolina, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprises Robeson County's basic financial statements, and have issued our report thereon dated March 21, 2022. Our report includes a reference to other auditors who audited the financial statements of the Robeson County Housing Authority, as described in our report on Robeson County, North Carolina's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Robeson County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Robeson County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Robeson County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance for Each Major Federal Program; Report on
Internal Control Over Compliance; In Accordance with OMB Uniform Guidance;
and the State Single Audit Implementation Act**

Independent Auditor's Report

To the Board of County Commissioners
Robeson County, North Carolina

Report on Compliance for Each Major Federal Program

We have audited Robeson County, North Carolina, compliance with the types of compliance requirements described in the OMB *Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of Robeson County's major federal programs for the year ended June 30, 2021. Robeson County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Robeson County, North Carolina's basic financial statements include the operations of Robeson County Housing Authority, which received \$1,974,257 in federal awards which is not included in the schedule during the year ended June 30, 2021. Our audit, described below, did not include the operations of Robeson County Housing Authority because the component unit engaged other auditors to perform an audit in accordance with the Uniform Guidance.

Management's Responsibility

Management is responsible for compliance with Federal and State statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Robeson County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State Single Audit Implementation Act. Those standards, the Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Robeson County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Robeson County's compliance.

Opinion on Each Major Federal Program

In our opinion, Robeson County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of Robeson County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Robeson County's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in *internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Report on Compliance For Each Major State Program; Report on
Internal Control Over Compliance; In Accordance with OMB Uniform Guidance;
and the State Single Audit Implementation Act**

Independent Auditor's Report

To the Board of County Commissioners
Robeson County, North Carolina

Report on Compliance for Each Major State Program

We have audited Robeson County, North Carolina, compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of Robeson County's major state programs for the year ended June 30, 2021. Robeson County's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state awards applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Robeson County's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and applicable sections of Title 2 US Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), as described in the *Audit Manual for Governmental Auditors in North Carolina*, and the *State Single Audit Implementation*

Act. Those standards, Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about Robeson County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of Robeson County's compliance.

Opinion on Each Major State Program

In our opinion, Robeson County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of Robeson County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Robeson County's internal control over compliance with the types of requirements that could have a direct and material effect on a major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

ROBESON COUNTY, NORTH CAROLINANotes to Schedule of Expenditures of Federal and State Awards
For the Year Ended June 30, 2021**I. BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of Robeson County under the programs of the federal government and the State of North Carolina for the year ended June 30, 2021. The information in this SEFSA is presented in accordance with the requirements of Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of Robeson County, it is not intended to and does not present the financial position, changes in net position or cash flows of Robeson County.

II. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND INDIRECT COST RATE

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Robeson County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

III. CLUSTER OF PROGRAMS

The following are clustered by the NC Department of Health and Human Services and are treated separately for state audit requirement purposes: Foster Care and Adoption.

IV. BENEFIT PAYMENTS ISSUED BY THE STATE

The amounts listed below were paid directly to individual recipients by the State from federal and State moneys. County personnel are involved with certain functions, primarily eligibility determination that cause benefit payments to be issued by the State. These amounts disclose this additional aid to County recipients that do not appear in the basic financial statements because they are not revenues and expenditures of the County.

<u>Program Title</u>	<u>CFDA No.</u>	<u>Federal</u>	<u>State</u>
Special Supplemental Nutrition Program for Women, Infant and Children	10.557	\$ 3,190,407	\$ -
