

AGREEMENT TO FURNISH PROFESSIONAL ENGINEERING SERVICES

ROBESON COUNTY, NORTH CAROLINA WWTP IMPROVEMENTS & CANAL CLEARING – TOWN OF FAIRMONT

This AGREEMENT made this 26th day of September 2022, by and between the ROBESON COUNTY, NORTH CAROLINA, hereinafter called the OWNER, and LKC ENGINEERING, PLLC, hereinafter called the ENGINEER.

WHEREAS, the Owner intends to construct the WWTP Improvements and Canal Clearing project consisting of modification of the existing effluent pump station for flood protection, aeration basin sludge removal, replacement or blower flow meters, repair / replacement of the existing bar screen, and cleaning of a portion of the stormwater canal in Fairmont, hereinafter called the PROJECT; and

NOW, THEREFORE, the OWNER and ENGINEER, for the consideration hereinafter named, agree as follows:

The ENGINEER agrees to perform the following tasks obligated under this Agreement:

SECTION I - ENGINEERING DESIGN

- a) Review preliminary infrastructure facilities plan and cost estimate.
- b) Meet with OWNER, as required, to discuss and clarify any changes, special circumstances and/or topics of importance which may arise during the project.
- c) Verify the location of all utilities, existing and planned, within fifty feet (50) of the proposed construction.
- d) Verify any and all existing right-of-way within the project area.
- e) Prepare complete construction plans and specifications in accordance with applicable regulations.
- f) Prepare detailed cost estimate for each section of construction.
- g) Following construction, complete necessary final certifications and record drawings based on services and documentation provided by the Construction Manager at Risk.

SECTION II – BID MANAGEMENT

- a) Prepare complete bid package including all required documents.
- b) Provide all necessary information for the preparation of the project bid advertisements.
- c) Manage competitive bidding process including the preparation of bid packages for prospective bidders, respond to bidder inquiries concerning the technical aspects of the project, prepare any and all necessary addenda to the bid packages, conduct a pre-bid meeting to answer any questions as may arise.
- d) Prepare formal contract documents, including any and all documents required for project, for execution of the construction contract.
- e) Coordinate with the firm providing construction inspection and oversight of the project.

SECTION III – SURVEYING

- a) Complete the necessary field survey necessary to design the project and as required for any additional right-of-way; permanent easement and/or temporary/construction easement.

Any necessary plats shall be prepared in accordance with G.S. 47-30 as amended for legal plats of record (or as directed by OWNER) and contain at least the following information: Property lines in the vicinity of the improvements, all proposed right-of-way and/or permanent easements and/or temporary/construction easements, courses and distances for the above, area of taking for each easement or right-of-way on each parcel, right-of-way and/or easement width, and any other information as may be requested by the Town's attorney, County Registrar of Deeds, and/or the Project ENGINEER.

SECTION IV – STRUCTURAL & ELECTRICAL DESIGN

- a) Coordinated with sub-consultants for the completion of design plans and specifications for electrical and structural design services needed for the project.

The ENGINEER'S services shall not include (1) preparation of detailed wetlands or biological surveys or assessments, (2) preparation of an environmental assessment or environmental review document, (3) negotiations with property owners for real property or easement acquisition, (5) payment of permit fees. These services, if required, may be arranged for and furnished by the Engineer and separately paid for by the Owner for a price to be subsequently agreed upon if the need for these services arises.

PAYMENT

The OWNER agrees to pay the ENGINEER for services noted in Sections I - IV above for the following not to exceed fees:

I) ENGINEERING DESIGN	FIFTY-EIGHT THOUSAND FOUR HUNDRED DOLLARS (\$58,400)
II) BID MANAGEMENT	SEVEN THOUSAND FOUR HUNDRED DOLLARS (\$7,400)
III) SURVEYING	NINE THOUSAND NINE HUNDRED FIFTEEN DOLLARS (\$9,900)
IV) STRUCTURAL & ELECTRICAL DESIGN SUBCONSULTATNS	TWENTY THOUSAND (\$12,500) – NOT TO EXCEED WITHOUT APPROVAL

It is agreed by the parties hereto that the appropriate adjustments in any fixed and/or lump sum payments shall be made in the event that the physical scope of the PROJECT, time for completion, or services required are materially increased or decreased beyond that contemplated at this time.

The ENGINEER shall receive progress payments based on monthly estimates as submitted to the OWNER by the ENGINEER.

Should the ENGINEER be required to render "additional services" in connection with related work upon which the work scope does not apply, the ENGINEER shall receive additional compensation for such additional services at the hourly rates and indirect cost as specified on the Cost Summary attached hereto as Exhibit "A" for the hours actually worked by the appropriate classification of employee.

TERM OF SERVICE

The Term of Service shall be defined as the length of time elapsed between the execution of this Agreement by all parties and the Final Certification of the construction and the closeout of the project with the funding agency. The term of service for the proposed scope of work will be 480 days. If the work is not completed within the stated time frame, liquidated damages in the amount of \$1.00 per day will be paid by the engineer to the owner.

TERMINATION

This Agreement may be terminated by either party on the basis of performance or for convenience. The terminating party shall notify the terminated party in writing a minimum of 30 days before the date of termination. Upon termination, the Engineer shall turn over all records, files, and other pertinent information to the Owner, and the Engineer shall be fairly compensated for services provided prior to termination.

The OWNER and ENGINEER hereby agree to the full performance of the covenants contained within this Agreement with Exhibits.

IN WITNESS HEREOF, they have executed this Agreement, the day and the year first above written, which is the effective date of this Agreement.
